

MASTERING RUSSIAN THROUGH GLOBAL DEBATE MASTERING LANGUAGES THROUGH GLOBAL DEBATE PDF FILE

Mastering Russian through Global Debate

eTextbooks are now available through VitalSource.com! Mastering Russian through Global Debate brings together the rhetorical traditions of the communications field and the best practices of adult second-language instruction to facilitate Superior-level proficiency in the Russian language. Each chapter addresses a rich topic of debate, providing students with a set of prereading activities, texts covering both sides of a debate topic, and continues with postreading comprehension and lexical development exercises—all of which foster the language and critical thinking skills needed for successful debates. A rhetorical methods section in each chapter integrates language and practice and prepares students for end-of-chapter debates. Using debate to develop advanced competency in a second language is a method that is finding increased interest among instructors and students alike, in both synchronous online teaching and the individual classroom. Students are prepared to participate fully in debates with their classmates—at home, abroad, or both.

To Advanced Proficiency and Beyond

Due to the pressures of globalization, American society increasingly needs citizens who can carry out Superior level functions in languages other than English. Instructors, researchers, and students of second language acquisition seek scholarly resources to help satisfy this demand. In this volume, leading experts in second language acquisition and language planning supply cutting-edge research on working memory and cognition and empirical studies of effective teaching. The theoretical and empirical work in these pages is complemented by descriptions of successful pedagogical practices that take students from the Advanced to the Superior levels and beyond. With examples ranging across a number of languages, including Russian, Chinese, and Arabic, the volume will serve a broad audience. This practical handbook will help seasoned instructors improve outcomes, while it can also be used for training new instructors in methods courses.

Literary Translation, Reception, and Transfer

The three concepts mentioned in the title of this volume imply the contact between two or more literary

phenomena; they are based on similarities that are related to a form of ‘travelling’ and imitation or adaptation of entire texts, genres, forms or contents. Transfer comprises all sorts of ‘travelling’, with translation as a major instrument of transferring literature across linguistic and cultural barriers. Transfer aims at the process of communication, starting with the source product and its cultural context and then highlighting the mediation by certain agents and institutions to end up with inclusion in the target culture. Reception lays its focus on the receiving culture, especially on criticism, reading, and interpretation. Translation, therefore, forms a major factor in reception with the general aim of reception studies being to reveal the wide spectrum of interpretations each text offers. Moreover, translations are the prime instrument in the distribution of literature across linguistic and cultural borders; thus, they pave the way for gaining prestige in the world of literature. The thirty-eight papers included in this volume and dedicated to research in this area were previously read at the ICLA conference 2016 in Vienna. They are ample proof that the field remains at the center of interest in Comparative Literature.

Mastering English through Global Debate

eTextbooks are now available through VitalSource.com! Mastering English through Global Debate brings together rhetorical traditions and the best practices of ESL instruction to facilitate superior-level proficiency in the English language. Each chapter addresses a rich topic of debate, providing students with a set of prereading activities, texts covering both sides of a debate topic, and postreading comprehension and lexical development exercises—all of which foster the language and critical thinking skills needed for successful debates. A rhetorical methods section in each chapter integrates language and practice and prepares students for end-of-chapter debates. Transformative Language Learning and Teaching

A seminal work in the field, this book shows how transformative education can be applied to world language programs.

The Art of Teaching Russian

The Art of Teaching Russian offers Russian-language practitioners current research, pedagogy, and specific methodologies for teaching the Russian language and culture in the twenty-first century. With contributions from the leading professionals in the field, this collection covers the most important aspects of teaching the Russian language.

Handbook of Research on Engineering Education in a Global Context

Engineering education methods and standards are important features of engineering programs that should be carefully designed both to provide students and stakeholders with valuable, active, integrated learning experiences, and to provide a vehicle for assessing program outcomes. With the driving force of the globalization of the engineering profession, standards should be developed for mutual recognition of engineering education across the world, but it is proving difficult to achieve. The Handbook of Research on Engineering Education in a Global Context provides innovative insights into the importance of quality training and preparation for engineering students. It explores the common and current problems encountered in areas such as quality and standards, management information systems, innovation and enhanced learning technologies in education, as well as the challenges of employability, entrepreneurship, and diversity. This publication is vital reference source for science and engineering educators, engineering professionals, and educational administrators interested in topics centered on the education of students in the field of engineering.

Parliamentary Assembly Official Report of Debates 1998 Ordinary session (Fourth part, volume IV), 2125 September 1998

This intensive foundation course in Russian is designed for students with no previous knowledge of the language. Developed primarily for classroom use, the course offers an original and distinctive approach to language learning, presenting Russian in context offering access to Russian life, culture, history and society. Using authentic language throughout, the course takes students from beginner to intermediate level in one year. Progress is carefully structured, starting with simple grammar and working towards more complex points with the acquisition of a significant body of vocabulary. By the end of the course students will have acquired a sound knowledge of the main structures of the language and will be able to express themselves confidently in a wide range of communicative contexts. The tried-and-tested material featured in the course is structured to improve all four core skills of language learning: speaking, listening, reading and writing. The course is divided in three parts: Part 1 provides a foundation which gets the student going in Russian Part 2 concentrates on intensive development to take the student rapidly forward Part 3 incorporates both revision and further development. Each unit is divided into lessons which all include lively dialogues, sections on grammar and language functions and lots of exercises that help develop the student's practical language skills. Audio materials recorded by native speakers include dialogues, exercises and a variety of texts to help students using the course to improve their listening comprehension and pronunciation skills. Audio materials recorded by native speakers include dialogues, exercises and a variety of texts to help students using the course to improve their listening comprehension and pronunciation skills. The audio materials and other supplementary materials are available as free eResources here: www.routledge.com/9780415223003.

Routledge Intensive Russian Course

Improve your spoken Russian from home with 101 real-world conversations in simple, everyday Russian. Real Russian people don't speak like your textbook... so it's no wonder you feel unprepared when it's your turn to speak! This book fixes that. For the first time, you'll learn to speak Russian in the REAL world, with 101 authentic conversations in simple, spoken Russian, so you can become confident in the words, phrases and expressions you need to communicate like a local. You'll be transported into a real-world story that unfolds between six Russian characters, told by the people themselves in 101 authentic conversations. Over 15,000 words of real Russian, you'll immerse yourself in a gripping Russian drama and get an education in natural Russian in the process. Here's what you'll get: 101 conversations in simple Russian, so you can learn the real Russian spoken in the street, understand spoken Russian with ease, and have Russian roll off your tongue more fluently Over 15,000 words of dialogue - an unparalleled resource that will immerse you in Russian, at a level you can understand, so you can learn real spoken Russian without getting lost or overwhelmed Real, daily spoken Russian throughout - it's as if we held up a microphone and recorded the exact words coming out of people's mouths - so you can learn the expressions that real people use on the street (not in textbooks). You'll sound more authentic when you speak and make Russian-speaking friends more easily. Situational dialogues from typical daily circumstances, so you'll prepare yourself to survive realistic Russian encounters, in shops and cafés, and make meeting people and making arrangements second nature Conversations that are carefully written to be accessible for beginners (A2-B1 on the CEFR), so you can start to learn from real, spoken conversations, even as a beginner, without having to go through the rollercoaster of difficult conversations with strangers Each conversation is limited to around 15 lines of dialogue (150 words), so you can get that crucial sense of achievement and motivation when you finish each conversation, and say "I actually understood all of that!" Word lists with English definitions in every chapter, so you can get instant translations of any difficult words and focus on reading and enjoying the stories rather than wasting time in a dictionary Summaries of each conversation which contextualise each dialogue, so you can easily follow the plot and enjoy the story without getting lost. Created by Olly Richards, internationally-renowned language teacher and author, 101 Conversations in Real Spoken Russian gives you an education in real Russian that you won't find anywhere else. You'll be better prepared for using Russian in the real world, speak with more confidence, and take a giant leap towards fluency in Russian!

101 Conversations in Simple Russian

Colloquial Russian 2 is the ideal way to refresh your knowledge of the language and to extend your skills. Structured to give you the opportunity to listen to and read lots of modern, everyday Russian, Colloquial Russian 2 has been developed to work systematically on reinforcing and extending your grasp of Russian grammar, vocabulary, intercultural communication skills, and understanding of contemporary Russian society. New to this edition: revision material to help consolidate and build up learners' basics; a wide range of authentic and up-to-date reading materials, including blogs, forums, surveys, opinion pieces, and commentaries; exercises based on role plays, group activities, and debating techniques, aimed at developing oral communication and expanding vocabulary range of learners; and new audio material including authentic and up-to-date audio excerpts. Audio material to accompany the course is available to download free in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Colloquial Russian 2

When face-to-face with a real Russian speaker, do you freeze? Do you know how to ask for directions in Russian or communicate if there's an emergency? If your answer to any of the previous questions was 'Yes', then this book is for you! If there's anything more challenging than learning the grammar rules of a new language, it's knowing what to say and having the courage to speak with confidence. We know how you feel - You always try to avoid making embarrassing mistakes or not getting your message through correctly, but it will happen anyway. 'How do I get out of this situation?', You may ask yourself, but have yet to find a straight-forward answer. Until now. We have compiled 50 Russian Stories along with their translations, providing new Russian speakers with the necessary tools to begin effectively studying how to set a meeting, how to check into a hotel and even what to say during an emergency! Our Russian dialogues get straight to the point saving you precious time. There's no benefit learning words and phrases you will never actually use! If you want to learn Russian quickly and have a ton of fun along the way, obviously, this book is for you! How Conversational Russian Dialogues works: • Each new chapter will have a fresh, new story between two or more people who wish to solve a common, day-to-day problem that you will most likely experience in real life. • A Russian version of the conversation will take place first, followed by an English translation. This ensures that you fully understood just what it was that they were saying! • Before and after the main section of the book, we shall provide you with an introduction and conclusion that will offer you important strategies, tips and tricks to allow you to get the absolute most out of this learning material. • That's about it! Simple, useful and incredibly helpful; you will NOT need another conversational Russian book once you have started reading and studying this one! Focus on getting from zero to conversationally fluent, so you can: -Travel or live in Russia or any Russian speaking country without relying on Google Translate -Join Russian conversations with your Russian speaking coworkers, friends, or family members -Date Russian-speakers without embarrassing yourself -Stop getting passed over for jobs or promotions for less-qualified people who are bilingual We want you to feel confident while learning Russian; after all, there should never be a language barrier stopping you from traveling around the world and expanding your social circles! So look no further! Grab your copy of Conversational Russian Dialogues and start learning Russian right now!

Conversational Russian Dialogues

For most language learners, mobility is now the starting-point rather than the end-point of language learning. Rather than learning a language in order to go abroad, learners are used to moving from country to country, from culture to culture. This volume of essays explores the different attitudes to language learning generated by globalisation and shows how the local still has an impact on the language-learning classroom. The contributors have collaborated through the Languages of the Wider World Centre of Excellence in Teaching and Learning based at University College London and the School of Oriental and African Studies. The essays in the book span both reflection on language learners' shifting identities and the pedagogies of a range of less widely taught languages in which the national language has acquired fresh emphasis in the context of globalisation. How might the tension between mobility and localisation best be exploited to the benefit of

language learners?

Mobility and Localisation in Language Learning

This landmark volume provides a broad-based, comprehensive, state-of-the-art overview of current knowledge and research into second language teaching and learning. All authors are leading authorities in their areas of expertise. The chapters, all completely new for Volume 2, are organized in eight thematic sections: Social Contexts in Research on Second Language Teaching and Learning Second Language Research Methods Second Language Research and Applied Linguistics Research in Second Language Processes and Development Methods and Instruction in Second Language Teaching Second Language Assessment Ideology, Identity, Culture, and Critical Pedagogy in Second Language Teaching and Learning Language Planning and Policy. Changes in Volume 2: captures new and ongoing developments, research, and trends in the field surveys prominent areas of research that were not covered in Volume 1 includes new authors from Asia, Australia, Europe, and North America to broaden the Handbook's international scope. Volume 2 is an essential resource for researchers, faculty, teachers, and students in MA-TESL and applied linguistics programs, as well as curriculum and material developers.

Learn Russian - Level 1: Introduction to Russian

Talk Russian Enhanced eBook (with audio) - Learn Russian with BBC Active The bestselling way to make learning Russian easy "Determined to learn the language but no time for nightschool? Try the BBC Talk short courses." The Guardian Learn even faster and smarter with the flexibility, speed and convenience of this enhanced eBook. Everything you need is just where you need it: navigate the book with ease, practise your listening and speaking skills, test your progress and access valuable language notes all with one touch from the page you're on. "Found this item very useful in my Russian language course. It was highly recommended by my tutor and easy to see why." Also available in Arabic, French, German, Greek, Italian, Japanese, Mandarin Chinese, Portuguese and Spanish .

Handbook of Research in Second Language Teaching and Learning

Teaching and Learning Foreign Languages provides a comprehensive history of language teaching and learning in the UK from its earliest beginnings to the year 2000. McLelland offers the first history of the social context of foreign language education in Britain, as well as an overview of changing approaches, methods and techniques in language teaching and learning. The important impact of classroom-external factors on developments in language teaching and learning is also taken into account, particularly regarding the policies and public examination requirements of the 20th century. Beginning with a chronological overview of language teaching and learning in Britain, McLelland explores which languages were learned when, why and by whom, before examining the social history of language teaching and learning in greater detail, addressing topics including the status that language learning and teaching have held in society. McLelland also provides a history of how languages have been taught, contrasting historical developments with current orthodoxies of language teaching. Experiences outside school are discussed with reference to examples from adult education, teach-yourself courses and military language learning. Providing an accessible, authoritative history of language education in Britain, Teaching and Learning Foreign Languages will appeal to academics and postgraduate students engaged in the history of education and language learning

across the world. The book will also be of interest to teacher educators, trainee and practising teachers, policymakers and curriculum developers.

Talk Russian Enhanced eBook (with audio) - Learn Russian with BBC Active

Using debate to develop advanced competency in a second language is a method that is finding increased interest among instructors and students alike, whether in synchronous online teaching or the individual classroom. Through debate, students learn how to make hypotheses, support their conclusions with evidence, and deploy the rhetoric of persuasion in the target language. Though this method provides an exciting pedagogy for moving students from the advanced to the superior level, there is a paucity of materials available for instructors who wish to plan a curriculum focused on debate. *Teaching Advanced Language Skills through Global Debate: Theory and Practice* provides teachers with both the theoretical underpinnings for using debate in the foreign language classroom as well as practical advice for developing reading, listening, writing, and speaking skills through debate. It discusses task-based language learning and helps instructors design debate-related tasks for the classroom. *Teaching Advanced Language Skills through Global Debate* will be useful for any instructor working at the advanced level, and particularly for those training future language instructors. One of the new digital short publications available through Georgetown University Press, it is an ideal complement to the press's new titles on mastering languages through global debate. Georgetown Digital Shorts—longer than an article, shorter than a book—deliver timely works of peer-reviewed scholarship in a fast-paced, agile environment. They present new ideas and original texts that are easily and widely available to students, scholars, libraries, and general readers.

Teaching and Learning Foreign Languages

The increasing internationalization of today's classrooms calls for learning institutions to prepare students for success in an interdependent and technologically-advanced world. Faculty who are competent in multiple 21st century skills are best equipped to engage students in curricula that are relevant, transformative, and engaging across content areas and cultures. *Promoting Global Literacy Skills through Technology-Infused Teaching and Learning* examines the function and role of globalization in 21st century teaching and learning, especially in light of technology integration and the need to prepare and empower global educators and global citizens respectively. Covering topics that range from social networking in linguistics to software used in engineering curricula, this premier reference work will be relevant to academicians, researchers, students, librarians, practitioners, professionals, and engineers.

Teaching Advanced Language Skills through Global Debate

Task-Based Instruction for Teaching Russian as a Foreign Language presents the most recent developments in the field of task-based language teaching (TBLT) and highlights impactful research-based instructional practices of applying TBLT for the teaching of Russian. This comprehensive volume extends the current understanding of the nature and role of tasks in course development, authenticity in task design, the role of the instructor in TBLT, teaching culture through TBLT, the intersection of complex morphology and explicit grammar instruction with task-based approaches, collaborative interaction within TBLT, and technology-mediated tasks. This resource focuses on the unique set of factors and challenges that arise when applying TBLT in the instruction of Russian and other morphologically rich languages. This edited volume will be of interest to teachers of Russian as well as researchers in Russian language acquisition, language pedagogy, and Slavic applied linguistics.

Promoting Global Literacy Skills through Technology-Infused Teaching and Learning

Interactive. Effective. And FUN! Start speaking Russian in minutes, and learn key vocabulary, phrases, and grammar in just minutes more with *Learn Russian - Level 4: Beginner*, a completely new way to learn Russian with ease! *Learn Russian - Level 4: Beginner* will arm you with Russian and cultural insight to

Task-Based Instruction for Teaching Russian as a Foreign Language

In 1989, Bernard Spolsky published *Conditions for Second Language Learning* (Oxford University Press). At the 2012 Annual Conference of Asia TEFL, a number of senior scholars were invited to comment upon the relevance of the book to the teaching of English in their region, and to make suggestions on how it might be updated. This volume contains revised versions of these talks, and thus provides a survey of the conditions for teaching English in Asia. Most contributors found the Conditions model useful, but there has been a major change in emphasis in the past two decades: whereas the 1989 book emphasized linguistic and psycholinguistic conditions, more recent work generally emphasizes the importance of sociolinguistic and language policy conditions for teaching English in Asia today.

Applied Language Learning

Can we trace attempts taken in Russian history to overcome the inability to speak publicly? How do different social groups in modern Russia cope with situations when they have to participate in a public discussion and arrive at a compromise? What historic, sociological, linguistic, and psychological reasons underlie intolerance towards different opinions? Can this situation be changed? Bringing together an international team of leading historians, sociolinguists and sociologists in this field, this volume explores these questions from different methodological perspectives, using various sets of data and examining the different domains of private, public and official discourses. Offering detailed case studies of the past and present communicative successes and failures in various social groups, the book explores why Russian society is unable to reach a consensus through dialogue. The first book to offer a detailed exploration of the condition of public debate in Russia, this pioneering volume presents a truly interdisciplinary perspective on Russian language and society making it essential reading for advanced students and specialist in the fields of Slavic Studies, Cultural Studies, Sociolinguistics and Russian history, politics and sociology.

Learn Russian - Level 4: Beginner

Interactive. Effective. And FUN! Start speaking Russian in minutes, and learn key vocabulary, phrases, and grammar in just minutes more with Learn Russian - Level 3: Lower Beginner, a completely new way to learn Russian with ease! Conference proceedings. ICT for language learning

The development of an American wine ethos. The history of wine is a tale of capitalist production and consumer experience, and early Americans embraced the idea of having their own wine culture. But many began to believe that excessive alcohol consumption had become a moral, ethical, economic, political, social, and health conundrum. The result was a national on-again, off-again relationship with the concept of an American wine culture. Citizens struggled to build a wine culture patterned after their diasporic European custom of wine as a moderating beverage that was part of a healthy diet. Yet, as America grew, untold attempts to create a wine culture failed due to climate, pests, diseases, wars, and depressions, resulting in some people considering the nation an alcoholic republic. Thus began an anti-alcohol culture war aimed at restricting or prohibiting alcoholic beverages. With the passage of the Eighteenth Amendment (Prohibition), a culture war started between wet and dry proponents. After the repeal of Prohibition, the decimated wine industry responded by forming the Wine Institute to rebrand wine's role in American society, after which neoprohibitionists attempted to restrict alcohol availability and consumption. To confront these aggressive actions, the Wine Institute hired politically trained John A. De Luca to navigate the new attacks and pushed for rebranding wine as a cultural spirit with health benefits.

Parliamentary Assembly Official Report of Debates 2001 Ordinary Session (Fourth part, Volume IV), September 2001

This book presents papers from the International Conference on Integrating Engineering Education and Humanities for Global Intercultural Perspectives (IEEHGIP 2020), held on 25–27 March 2020. The conference brought together researchers and practitioners from various disciplines within engineering and humanities to offer a range of perspectives. Focusing on, but not limited to, Content and Language Integrated Learning (CLIL) in Russian education the book will appeal to a wide academic audience seeking ways to initiate positive changes in education.

Conditions for English Language Teaching and Learning in Asia

This book explores cross-international experiences in the field of adult English language teaching and learning, using cross-cultural dialogues to hear voices from different countries and different settings – formal, informal and non-formal – discussing how their lifelong learning has or is still in the process of helping them to change their lives. The book addresses two major questions: (1) How do adults learn languages and transform themselves through learning? (2) How do authorities and societies build capacity for sustainable language development? It will be of interest to researchers, policymakers and adult language teachers, concerned with diverse aspects of teaching and learning English as lingua franca for enhancing the public good internationally. The book draws on the way in which the Western paradigm of lifelong learning was applied by an international team of inspired professionals to English language education in the Tempus project “Lifelong Language Learning University Centre Network for New Career Opportunities and Personal Development (UNICO)”. This project was undertaken by eleven universities in three countries: the Siberian

Federal District of the Russian Federation, the Kyrgyz Republic, and the Republic of Tajikistan, in partnership with the Charles University in Prague, the Institute of Education from the University College London, and the University of Córdoba in Spain.

Public Debate in Russia

Annals of Language and Learning is the conference proceedings of the Second International Online Language Conference which was successfully held in July 2009. This event allowed professors, Master's students, Ph.D. students, and academics from around the world to submit papers pertaining to the areas of the conference theme. The conference was organized by International Online Knowledge Service Provider (IOKSP).

Learn Russian - Level 3: Lower Beginner

The Handbook of World Englishes is a collection of newly commissioned articles focusing on selected critical dimensions and case studies of the theoretical, ideological, applied and pedagogical issues related to English as it is spoken around the world. Represents the cross-cultural and international contextualization of the English language Articulates the visions of scholars from major varieties of world Englishes – African, Asian, European, and North and South American Discusses topics including the sociolinguistic contexts of varieties of English in the inner, outer, and expanding circles of its users; the ranges of functional domains in which these varieties are used; the place of English in language policies and language planning; and debates about English as a cause of language death, murder and suicide.

The War on Wine

Colloquial Russian 2 is the ideal way to refresh your knowledge of the language and to extend your skills. Colloquial Russian 2 is designed to help those involved in self-study. Structured to give you the opportunity to listen to and read lots of modern, everyday Russian, it has also been developed to work systematically on reinforcing and extending your grasp of Russian grammar and vocabulary. Key features of Colloquial Russian 2 include: revision material to help consolidate and build up your basics; a wide range of authentic contemporary documents; lots of spoken and written exercises in each unit; highlighted key structures and phrases, a grammar reference and detailed answer keys; Audio material to accompany the course is available to download free in MP3 format from www.routledge.com/cw/colloquials. Recorded by native speakers, the audio material features the dialogues and texts from the book and will help develop your listening and pronunciation skills.

Integrating Engineering Education and Humanities for Global Intercultural Perspectives

This book reflects the various dimensions of play. It gathers together experience with role-play, tabletop, and online games and develops and assesses tools. It also reflects the human condition in this world of games as it becomes a digital world. We are living in a World of Games where every game is a world through which we learn about the world. A World of Games is fun and engaging, but it also provides deceptive pleasures. What may seem like fun is far from harmless. And then there are the many ways of learning in the mode of play.

Adult English Language Teaching

By establishing a new framework for discussing L2 advancedness, this book presents a more effective way of adapting to globalization.

Annals of Language and Learning: Proceedings of the 2009 International Online Language Conference (IOLC 2009)

This book presents innovations in the field of high-speed rail technology, hyperloop transportation technologies and Maglev system, information and communication technology (ICT) for intelligent transportation systems (ITS), multimodal transportation, sustainable freight transportation, and others. The papers presented in the book are proceedings of the annual scientific forum "TransSiberia", which is the foremost Russian transport event that focuses on innovations in rail transport. The book also presents research in the field of railway engineering, health monitoring, inspection, NDT&E, and signal processing. Developments in the field of decarbonization of railway transport and new types of fuel as an alternative to electrification are proposed. The issues of sustainable operation and maintenance of railway systems and sustainable freight transportation, such as digitalization and AI technologies for sustainable asset management, operation, and maintenance of railway systems, have received a lot of research attention. The book serves as a medium for railroad academia and industry to exchange new ideas and share the latest achievements, as well as to continue supporting the productivity of the transport industry in a sustainable manner.

Official Report of Debates

How to Learn and Memorize Russian Vocabulary ... Using a Memory Palace Specifically Designed for the Russian Language (and adaptable to many other languages too) If you'd like to improve your ability to learn Russian vocabulary by as much as 100%, 200%, even 300% (or more) ... using simple memory techniques that you can learn in 15-20 minutes (or less), then this may be the most important book that you will ever read. Believe it or not, it really doesn't matter if you think you have a good memory or not. The information in this book will teach you: * Why memory is like a bicycle everyone can ride (with some minor personal adjustments). * The real reason why no one should ever be squeamish about memorization or learning a language. * Why and how some of the most famous memory skills are applicable to learning any language, especially Russian. * How you can easily create a "letter location" memory system based on the Russian alphabet. * A secret method for translating Russian letters into English for better comprehension. * Unique techniques that will have you literally "tuning in" on the Russian language. * How to separate Russian words in the most effective manner for memorization. * Two secret ways you can use relaxation to aid the memorization process. These two methods alone are worth the price of this book because they will literally eliminate your stress and apprehension as you learn Russian. * And much, much more ... These techniques have been used by real language learners, most of whom previously considered themselves owners of a "bad memory," to make real strides in learning Russian vocabulary. Don't worry! None of these techniques are rocket science. Frankly, if you can memorize a short email address or the name of a movie, then you can use this system to memorize a language as rich and diverse as Russian. Plus, everything you'll learn in this book applies to every other language that shares the same alphabet with English. And with a little imagination, the ideas are easily transferable to other alphabet systems too. But there's really no time to lose. Every day that you are not using this simple vocabulary memorization system, you are literally stealing from yourself the joy of being able to read, speak and recall an abundance of Russian vocabulary as you easily expand the natural abilities of your mind.

The Handbook of World Englishes

Engaging in genuine dialogue and authentic communication is essential for teachers to assist students' successes and help them further their education through refining critical thinking skills beyond the classroom. Critical Theory and Transformative Learning is a critical scholarly resource that examines and contrasts the key concepts related to critical approaches in educational settings. Featuring coverage on a broad range of topics including repressive tolerance, online teaching, and adult education, this book is geared toward educators, administrators, academicians, and researchers seeking current research on transformative learning and addressing the interconnectedness of important theories and praxis.
