A bit girly in white, though

Full throttle!

Top speed: 112 kph/ 70 mph

It features a very efficient start-stop system

This scooter makes its rider look attractive (more than a police lady on a bicycle)

Its 16-inch wheels make it stable and comfy

The under seat storage is enough for a full face helmet...

It costs one fifth of the price of a MV Agusta Dragster 800 RR (and it's probably more reliable...)

In conclusion, the SH is affordable, enjoyable and easy to ride

It's really a cool toy for getting around in the crowded city centers
