Vampirium

Twenty-one explicit erotica stories, a \$62.79 value, published for the first time as a complete novel! Including a never-before-seen epilogue! Welcome to the Barony of Erovania, where evil and lust reign supreme. In this land, the people know better than to venture out at night, for around every turn lurks a creature of darkness. Ruling over the populace is Baron Voros, an undead lord who preys upon the young women of his village as they sleep, not only thirsting for their blood, but for the pleasures of their flesh as well. Entering their chambers, he brings them to ecstasy before striking with his fangs, then fading into the night. But the baron is far from the only wicked being in Erovania. He is matched in his deviousness... and sexuality... by Lillith, his one-time bride, who prefers to stalk the vigorous men of the village, a prey more willing, but no less satisfying. She has never met a man with the stamina to please her before expiring, and when they fail her, she rewards them with pain. Also within these borders, you will encounter: Eva, the village healer who leads a coven in erotic rituals by night. She regularly seduces men to be her servants, then, when they bore her, casts them aside. Erovania's pack of werewolves, led by the brawny Radolf, and the dark, sultry Mileena. They gather every full moon to hunt and feast. Then, when they have sated their hunger, the entire pack mates until dawn. The lonely scientist Victoria, who creates the perfect picture of masculine beauty for herself... by robbing graves. Sister Amanda and Father Erdrick, a vampire hunting priest and holy sister whose vows of chastity are soon to be broken, for they find fighting their lust for one another far more difficult than fighting the evil denizens of Erovania. And so much more. Enjoy your stay in the Barony. If you should meet the Baron or Baroness, they will certainly enjoy you.

When Lacey is forced to move in with her boyfriend and his hypnotist roommate, she has no idea that her boyfriend's best friend will take an interest in hypnotizing her. It Happened One Summer

The first in a spicy and unforgettable rom-com duology from #1 New York Times bestseller and tik tok

favorite Tessa Bailey, in which a Hollywood “It Girl” is cut off from her wealthy family and exiled to a small Pacific Northwest beach town... where she butts heads with a surly, sexy local who thinks she doesn’t belong. Piper Bellinger is fashionable, influential, and her reputation as a wild child means the paparazzi are constantly on her heels. When too much champagne and an out-of-control rooftop party lands Piper in the slammer, her stepfather decides enough is enough. So he cuts her off, and sends Piper and her sister to learn some responsibility running their late father’s dive bar... in Washington. Piper hasn’t even been in Westport for five minutes when she meets big, bearded sea captain Brendan, who thinks she won’t last a week outside of Beverly Hills. So what if Piper can’t do math, and the idea of sleeping in a shabby apartment with bunk beds gives her hives. How bad could it really be? She’s determined to show her stepfather—and the hot, grumpy local—that she’s more than a pretty face. Except it’s a small town and everywhere she turns, she bumps into Brendan. The fun-loving socialite and the gruff fisherman are polar opposites, but there’s an undeniable attraction simmering between them. Piper doesn’t want any distractions, especially feelings for a man who sails off into the sunset for weeks at a time. Yet as she reconnects with her past and begins to feel at home in Westport, Piper starts to wonder if the cold, glamorous life she knew is what she truly wants. LA is calling her name, but Brendan—and this town full of memories—may have already caught her heart. As seen on E!Online, PopSugar, CNN, EliteDaily, Vulture, Buzzfeed, Bustle, the Nerd Daily, PARADE, LA Magazine, Country Living, USA Today, and more!

Gun, with Occasional Music

The first novel by Jonathan Lethem (author of the award-winning *Motherless Brooklyn*) is a science-fiction mystery, a dark and funny post-modern romp serving further evidence that Lethem is the distinctive voice of a new generation. Conrad Metcalf has problems. He has a monkey on his back, a rabbit in his waiting room, and a trigger-happy kangaroo on his tail. (Maybe evolution therapy is not such a good idea). He's been shadowing Celeste, the wife of an Oakland urologist. Maybe falling in love with her a little at the same time. When the doctor turns up dead, Metcalf finds himself caught in a crossfire between the boys from the Inquisitor's Office and gangsters who operate out of the back room of the Fickle Muse.

Operation Mind Control (the Complete Edition)

Operation Mind Control - The CIA - The Making and Unmaking of a KILLER! This is the most terrifying true story ever to emerge from the united states. Walter Bowart has uncovered a huge government \\\"cryptocracy\\\" dedicated to controlling and manipulating human minds. Through hypnosis and drugs, ordinary citizens became CIA zombies, human computers, spies, trained assassins, with no control over their consciousness or consciousness of their actions. Only unexplained memory gaps, or a separate personality which emerged on a trigger cue, showed the victim that something else was amiss. Bowart's devastating account includes top secret documents cold-bloodedly outlining the cryptocracy's program, and startling new evidence to link Lee Harvey Oswald, James Earl Ray, and Sirhan Sirhan with Operation Mind Control. In the Manchurian Candidate that was fiction - OPERATION MIND CONTROL IS CHILLING FACT!

Stranger in a Strange Land

The original uncut edition of STRANGER IN A STRANGE LAND by Hugo Award winner Robert A Heinlein - one of the most beloved, celebrated science-fiction novels of all time. Epic, ambitious and entertaining, STRANGER IN A STRANGE LAND caused controversy and uproar when it was first published and is still topical and challenging today. Twenty-five years ago, the first manned mission to Mars was lost, and all hands presumed dead. But someone survived... Born on the doomed spaceship and raised by the Martians who saved his life, Valentine Michael Smith has never seen a human being until the day a second expedition to Mars discovers him. Upon his return to Earth, a young nurse named Jill Boardman sneaks into Smith's hospital room and shares a glass of water with him, a simple act for her but a sacred ritual on Mars. Now, connected by an incredible bond, Smith, Jill and a writer named Jubal must fight to protect a right we all take for granted: the right to love.

The Gathering

The nine surviving children of the Hegarty clan gather in Dublin for the wake of their wayward brother Liam. It wasn't the drink that killed him - although that certainly helped - it was what happened to him as a boy in his grandmother's house, in the winter of 1968. His sister Veronica was there then, as she is now: keeping the dead man company, just for another little while. "The Gathering" is a family epic, condensed and clarified through the remarkable lens of Anne Enright's unblinking eye. It is also a sexual history: tracing the line of hurt and redemption through three generations - starting with the grandmother, Ada Merriman - showing how memories warp and family secrets fester. This is a novel about love and disappointment, about thwarted lust and limitless desire, and how our fate is written in the body, not in the stars.

The great Calculator of Libris was forced to watch as Overmayor Zarvora had four of its components lined up against a wall and shot for negligence. When this beach bunny caught the eye of Hugh Hefner at an L.A. nightclub, Izabella St. James was looking for a fun break from studying for the bar. As the latest Girlfriend of the Playboy founder, her "break" lasted two years, but life behind the gates of the Playboy Mansion was anything but fun. Sure there were parties, presents, puppies, and plastic surgery; but there was also a curfew, a strict regimen of who sits where on movie night, limited contact with the outside world, and a sex life that was anything but wild and crazy. While the E! reality show, *The Girls Next Door*, has been a ratings hit, each of the three Playboy Bunnies in the series has since left the Mansion in newsworthy ways: one is engaged to a football player, and Hugh's "main" Girlfriend has finally understood that there would be no fairy-tale marriage and family with the man she literally transformed her life for. Izabella was there to witness how each of these relationships formed, where each Girlfriend fell in the pecking - and bed - order, and when, exactly, the fabled life turned shabby and cheap. From catfights to sneaking in boyfriends, from high-profile guests in the Grotto to the bizarre rituals of the octogenarian at the center of the sexual revolution, *Bunny Tales* is compulsively readable and endlessly entertaining!
